About Hiroshima Kagura

The Kagura you will see today is called "Geihoku Kagura" (Northern Hiroshima Kagura) and has been preserved and passed along in Hiroshima Prefecture through approximately 150 Kagura troupes. Kagura competitions are held throughout the year and, as of late, Geihoku Kagura has also gained a wide variety of media attention. Though the performers have to study and work, they attend practice two to three times a week and perform at festivals and events on the weekends.
